Chairman's Message

Chanderprabhu Jain College of Higher Studies and School of Law is striving for excellence. Most successful men have achieved distinction by not being presented with some new talent or opportunity. They rather developed and optimally utilized the opportunity that was at hand and this is the motto of our Institute - to prepare our students for grabbing available opportunities and creating new prospects. We, at CPJ College of Higher Studies & School of Law, inculcate amongst students a spirit to strive and achieve the desired goals. They have been provided a platform wherein they can flourish their caliber and potential to the maximum. This encouragement is provided to them by highly skilled and experienced faculty who play the role of a mentor to guide them to their way to success.

Education consists of a series of enchantments, each raising the individual to a higher level of awareness, understanding and kinship with all living things. Education is very important amongst all of us and it is a fact which cannot be denied by anybody. With an ever increasing competition in all the sectors, it has become inevitable for an individual to acquire knowledge beyond the bookish ones. Over the years, the demand for skilled labour capable of multitasking is rising every day. As a result, it is a necessity to adapt oneself with the need of the hour.

It gives me immense happiness and pride to say that CPJ College of Higher Studies & School of Law is continuously striving for excellence. Our endeavor is not only class room teaching but also providing students with an environment that can groom and develop their skills for a professional career. CPJ glances itself to be one of the best 10 Business & Law Schools in the years to come and to be an epitome of excellence and perfection.

EVENTS OF “LOI FIESTA”

National Conference

March 15-16, 2019

Theme: Transparency & Accountability in Justice Administration : Challenges & Solutions

Constitution of India derives its authority from the people of India. It declares India to be Sovereign, Socialist, Secular, Democratic and a Republican Country. Further, the democracy required informed citizenry and transparency of information. Right to Information Act, 2005 is an act to provide for setting out the practical regime of right to information for citizens to secure access to information which is under the control of public authorities, in order to promote transparency and accountability in the working of every public authority, the constitution of a Central Information Commission and State Information Commissions and for matters connected therewith or incidental thereto.

The integrity and independence of the judiciary are the pre-requisites of access to justice and for protection of rights of the citizens. However, corrupt practices often prevent the citizens from accessing equitable opportunities. No public institution or office is exempted from being accountable although the nature and extent of accountability may vary. The judiciary, being a public office of utmost importance, is also accountable. The independence and impartiality of the judiciary is an indispensable characteristic of any democratic system.

The Conference shall provide a platform, to promote transparency and accountability in the operations of the Justice Administration System including Bar and Bench, to various stakeholders and soldiers of transparency and accountability in the governance of Justice Administration System. This Conference would deliberate on the following Sub-themes affecting access to speedy, effective and economical justice in the Justice Administration System:

National Moot Court Competition

March 15-16, 2019

For details and Moot Proposition, kindly refer the rules section at Page no. 16

National Debate Competition

March 15, 2019

Debaters have been proven to become leaders and successful professionals. Countless corporate executives, influential lawyers, wealthy entrepreneurs and elected officials credit their debate experience in college with making them successful. The anecdotal evidence is overwhelming and suggests some of the following benefits.

- Debaters become better critical thinkers and communicators. People begin to see them in a different way.
- Debaters improve their social interactions. Debaters are not argumentative with their family and friends, but oddly enough, more understanding.
- Debaters improve their personal expression. There seems to be something in us as human being which wants to express ourselves. Their voices are heard.
- Debaters are more often seen as leaders. Studies in America show that those who communicate often and well, and give a balance of positive and negative comments, are seen as leaders. Leadership is given, not taken. Debaters are more likely to be given leadership.
- Debaters tend to become citizens in the real sense of the world - informed, active, participating, a force to be harnessed for the betterment of all.

National Judgment Writing Competition

March 16, 2019

A Judgment is the statement given by the Judge, on the grounds of a decree or order. It is the end product of the proceedings in the Court. The writing of a judgment is one of the most important and time consuming task performed by a Judge. The making and the writing of a judgment and the style in which it is written, varies from Judge to Judge and reflects the characteristic of a Judge. Every Judge, of every rank, has his own distinct style of writing.

A Judgment pronounced on the bench, regarded as an intellectual product, stands in a class by itself. The judge speaks with authority and what he says should, therefore, be spoken with befitting dignity. He should not affect grandiloquence but he should be impressive. The strength of a judgment lies in its reasoning and it should therefore, be convincing. Clarity of exposition is always essential. Dignity, convincingness and clarity are exacting requirements but they are subservient to what, after all, is the main object of a judgment, which is not only to do but to seem to do justice. In addition to these cardinal qualities of a good judgment, there are the attributes of style, elegance and happy phrasing which are its embellishments.

National Client Counseling Competition

March 16, 2019

The Competition simulates a law office consultation in which two law students, acting as lawyers (attorneys/solicitors/legal practitioners) are presented with a client matter. The students conduct an interview with a person playing the role of the client. Students are expected to elicit the relevant information from the client, explore with the client his or her preferred outcome, outline the nature of the problem and present the client with a means (or range of alternatives, if appropriate) for resolving the problem. The interview with the client is then followed by a post-consultation period during which the students, in the absence of the client, analyze the interview and discuss the legal and other work to be undertaken.

The interview and post-consultation period last a total of 25 minutes. The students are evaluated by a panel of judges, usually composed of two lawyers and a counselor (e.g., social or welfare worker, psychologist or another person with extensive experience in counseling). The inclusion of a non-lawyer counselor on the judging panel is designed to broaden the interdisciplinary perspectives of the panel, both in terms of skills and possible solutions to a problem. The students are evaluated against specific criteria that emphasize the use of listening, questioning, planning, and analytical skills in a lawyer/client interview. Once the judges have completed their evaluation of the interview, the students are called back in and the judges provide a brief critique of the team's handling of the consultation and post-consultation periods.

9. Moot Problem

The state of Wonderland in Esselworld has been hard hit by the problem of corruption in public offices since a long time. As a corruption curbing measure the state government decided to setup a Special Task Force by the name of Bhrashtachar Nirrodhak Bureau (BNB) and the same was established vide notification SW/MHA/2018/420 dated 27/06/2018.

Through the same notification, the office of BNB was declared to be a police station under section 2(s) of Criminal Procedure code, 1973. On 28/06/2018, another notification was issued which empowered police officers under Sec. 17(c) of The Prevention of Corruption Act, 1988.

Mr. Ramesh had applied for a water connection in the name of his father which got cleared and was sent to Mr. Chawla (Accused). It was alleged that Mr. Chawla has demanded a bribe of Rs. 5000/- for clearing the file and a sum of Rs. 2000/- was to be paid initially and the balance amount after clearance of the file. Ramesh reported the incident to BNB and accordingly a trap was planned. BNB handed over the notes to complainant which were sprayed with phenolphthalein powder. A trap was laid down and the accused accepted the bribe. The notes were seized from his possession and phenolphthalein test was conducted which showed that the accused had accepted the bribe.

A departmental proceeding was initiated against the accused. It was alleged that the accused being a public servant, in discharge of his official duties, demanded, and accepted and obtained Rs. 2000/- as illegal gratification. Departmental inquiry was conducted and the Inquiry Officer observed that "the evidence on record does not substantiate the charge of demand and acceptance of bribe by the accused" and accordingly recorded that the charge against the accused had not been proven due to lack of evidence in record. In consequence, the accused was not suspended from the service despite of a criminal case pending against him. The report of Departmental proceeding was forwarded to the office of BNB.

On 27/09/2018, the BNB office received information from its trusted sources that the same officer (Mr. Chawla) had amassed assets disproportionate to his known sources of income. The bank statements, property documents etc. were inspected and a report was prepared based on this inspection. The report was placed before the Head, BNB on 03/10/2018 who passed the following order on the same day:

"Based on the materials placed before me, I am satisfied that a prima facie case is made out against the accused and it is hereby directed that a case be registered and investigation be initiated against the accused".

An FIR was registered by the office of BNB on 05/10/2018 and raids were conducted without warrant and documents were seized. The Head, BNB also ordered the attachment of property of the accused without forwarding the report to the Magistrate. The accused was arrested without previous approval from the concerned government.

The accused has approached the High Court of Wonderland under Articles 226 and 227 read with Section 482 of Criminal Procedure Code, 1973. He contested the registration of FIR and investigation conducted against him is illegal and unconstitutional as per the provisions of Criminal procedure Code, 1973, Prevention of Corruption Act, 1988 and the Constitution of Esselworld and hence, the FIR is liable to be quashed. He also contended that since he had been exonerated in the disciplinary proceedings by a speaking order so on this ground alone, the FIR against him should be quashed and set aside.

The legal provisions of Esselworld are in Pari Materia to those of Union of India.

Based on the above argue for both sides of the petition.

 - Point 4, if still a tie, then
 - Point 3, if still a tie, then
 - Point 7, if still a tie, then**Post Consultation Session with the Judges**

Format:

- Each team shall consist of two student participants and would be allotted a room for the interview and counseling. Here, the two student participants will present themselves as advocates in a lawyer's chamber. The client will be a person trained by the organizers and the advocates will counsel the clients regarding the given problem. The two participants are required to elicit all relevant information from the client by interviewing or questioning the client and then counsel the client.
- All teams will be given their team codes (as, T1, T2, T3 etc.) by the organizers through e-mail to their respective e-mail Ids.

- The Competition consists of one round.
- The highest scoring team among all the teams will be titled as the **Winner**.

The Consultation Period (Interview Period)

All teams will go through a 25 minutes session. The first 20 minutes are devoted for consultation with the client during which lawyers are expected to elicit the relevant information, outline the problem and propose a solution or other means of resolving the problem (Further information is contained in the Judging Standards for the Client Counseling Competition). During the consultation and post-consultation, the team may use books, notes and other materials. The team may also use office props (dictaphones, files, desktop, furnishings, bookshelves etc.) and any other material to furnish their consultation room.

Post Consultation Period (Post Interview Period)

During the post-consultation period, the students may either talk to each other loudly enough to be overheard by the judges, or dictate a file memorandum on the interview, or both. The concept behind the post-consultation period is to summarize the interview, indicate the scope of the legal work to be undertaken and state the legal issues that should be researched. Explanation of the position or attitude taken by the students may be useful. Judges may question the teams during the post consultation period.

- If the students feel that some documents are appropriate, like a letter to the client confirming their retention as attorneys, the fee arrangement etc, or a letter to opposing counsel or to the party with whom the client is having their legal problems, they may dictate such a document at the post consultation stage.
- The Judges may penalize students who allow the interview session to run excessively beyond the 20 minute period allotted in the rules. However, the judges in their discretion, taking into account the circumstances, may allow some more time beyond the 20 minute period for the interview session. If the extended consultation session allowed an opportunity for a team to gather more information than other teams, this circumstance should be taken into consideration by the judges in making their decision. Judges should stop students after 25 minutes regardless of whether the students are in the consultation or post-consultation process.

Judging Standards

- **Establishing the working atmosphere:** The lawyers established the beginning of an effective professional relationship and working atmosphere and at an appropriate point oriented the client to the special nature of the relationship (confidentiality, duration and plan of interview, methods of contact, explanation of fee and responding to client's concerns, mutual obligations and rights, after hours availability, complaints procedure etc.) in a courteous, sensitive and professional manner.
- **Listening to the problem:** The lawyers learnt how the client viewed his or her situation, using a combination of listening and questioning, drawing out both information and feelings, as appropriate, to develop a reasonably complete and reliable description of the problem and reflecting this understanding to the client. In this regard, relevant information voluntarily said by the client could be elicited by asking relevant specific questions.
- **Identification of client's goals, expectations and requirements:** The lawyers learned the client's goals and initial expectations and modified or developed them as necessary, giving attention in doing so to all aspects of the problem, including the emotional ones.
- **Problems Analysis:** The lawyers analyzed the client's problem with creativity and from both legal and non-legal perspectives, resulting in a clear and useful formulation of the problem by asking relevant specific questions.
- **Legal analysis, alternative courses of action and the giving of advice:** Legal analysis and the consequent legal advice given should be both accurate and appropriate to the situation and is consistent with the analysis of the client's problem develop a set of potential and feasible alternatives, if any, both legal and non-legal.

- **Team Work:** The lawyers as collaborating counsellors, worked together as a team, with flexibility and an appropriate balance of participation.
- **Continued an ethical and professional relationship throughout the interview:** The lawyers recognized, clarified and responded to any moral or ethical issues which may have arisen, without being prejudicial in judgments. The lawyers developed an appropriate balance in dealing with the legal and emotional needs of the client.
- **Debriefing (Post interview Reflection):** The lawyers, during the post consultation time, gave evidence of having recognized their own and the client's feelings; the strengths and limitations of their interviewing skills; their handling of the substantive aspects of the client's problems (both legal and non-legal), the quality and appropriateness of their advice and provided for an effective follow-up.
